

Donation Request Application Form

The Rotary Club of Parksville is pleased to consider applications for financial support. Requests are considered on a quarterly basis with submission deadlines of January 15, April 15, July 15 and October 15.

Rotary International is a worldwide organization with approximately 1.3 million members, with many areas of concern. Here in the Parksville and Oceanside area, we have identified the following areas of focus and we list in terms of priorities for our area. We say "youth and community" and the following would apply:

- Food security
- Mental health and wellness
- Youth basic education at all levels and safety
- Environment
- Economic and community development

Please elaborate on our request through the following questions:

1. Describe your project or need as it relates to the above areas of focus. Please indicate the timing for your project.
2. Submit your budget for the project, including any matching monies you intend to seek or have received
3. How will the Rotary Club of Parksville be recognized?
4. Would your organization be willing to;
 - Help at the bottle drop recycling at Speedy Glass?
 - Present your completed project to the club and how our funds helped?
 - Will you grant permission to Rotary to publish photos and information of your project?

Please submit your request by email to parksvillerotary@gmail.com
